# ELECTROLYTE Paste PRO

is a newly developed nutritional supplement specially formulated to support the well-being and peak performance of horses. Packed with a carefully balanced blend of essential B-group vitamins, antioxidants, microminerals, and vital electrolytes, this paste offers the perfect solution for maintaining optimal health and vitality along with improved recovery in your equine companion.

PRODUCT INFORMATION

## KEY BENEFITS

- 1 REPLENISHES VITAL NUTRIENTS:** The B-group vitamins, including B1, B2, B5, B6, B12, folic acid, and niacin, play crucial roles in energy metabolism and overall health. Electrolyte Paste PRO ensures that your horse receives an ideal dosage of these essential vitamins to support peak physical and mental performance.
- 2 POWERFUL ANTIOXIDANT SUPPORT:** The inclusion of Vitamin C and Vitamin E provides potent antioxidant properties, helping to neutralize harmful free radicals that may accumulate during strenuous physical activity. This protection is vital for maintaining healthy cells and tissues in your horse's body.
- 3 MICROMINERALS FOR OPTIMAL FUNCTION:** Zinc, a trace mineral, is crucial for the proper functioning of various enzymatic processes. The addition of zinc in our formula ensures that your horse's body maintains its delicate balance and optimizes its physiological functions.
- 4 ESSENTIAL ELECTROLYTE BALANCE:** Electrolytes, such as chloride, sodium, potassium, magnesium, calcium, and sulphate, are essential for maintaining proper hydration, nerve function, and muscle contraction. Electrolyte Paste PRO ensures your horse stays well-hydrated and minimizes the risk of electrolyte imbalances, especially during intense physical activity and hot weather.

Give your horse the competitive edge with Electrolyte Paste PRO - the ultimate nutritional supplement for enhanced performance, recovery, and overall well-being. Trust in our scientifically formulated blend to keep your equine partner at the top of their game.
